

### **Mastering the challenges in the automobile industry efficiently itelligence AG: Automotive Information Day in Stuttgart, September 22, 2005**

Bielefeld/Stuttgart, August 30, 2005. The largest challenges facing decision makers in the automobile industry are smooth logistic processes, a strong network between the customer and supplier market and high standards of quality. On September 22, 2005, at the Automotive Information Day in the SI Erlebniszentrum in Stuttgart, itelligence, the IT-full service provider in the SAP environment, will present possible solutions to mid-market companies.

The client lecture of Hetal Werke, Franz Hettich GmbH & Co. KG, Alpirsbach, demonstrates examples of solutions on the software selection process and project approach in practice. In their presentation, SAP AG illustrates their successful mid-market industry sector approach in the automobile industry. itelligence AG will also demonstrate their new it.automotive industry solutions at the Stuttgart Information Day.

The free client event begins at 13:00 in the SI Erlebniszentrum in Stuttgart and is aimed at managing directors, IT managers and decision makers. Further information is available in the Events section on our website at [www.itelligence.de](http://www.itelligence.de) or e-mail [sales@itelligence.de](mailto:sales@itelligence.de).

itelligence AG is a special expertise partner of SAP in the automotive industry and therefore one of the most qualified German partners in this industry. Together with SAP, itelligence AG offers a free audio book titled "SAP Automotive Mittelstand". The free audio book can be ordered directly from our website.
