Bielefeld (Germany) – October 21, 2008. The message that itelligence, one of the most successful full-service IT providers for SAP, is giving at this year's SYSTEMS 2008 is that satisfied customers are most important. The Company is presenting this message particularly clearly in Munich with its new CRM fixed price offer from its it.compact program. The solution is especially tailored to the needs of SME businesses and offers an effective customer management system on full SAP basis at an introductory price of EUR 34,500.
